Overview

What is the ACGME Accreditation Data System (ADS)?

Application Process

• Sponsoring Institution Application
• Program Application Process
  • Accreditation Contingent
  • Core vs Subspecialty Application Process
  • Transitional Year Programs – Internship

Annual Reporting Responsibilities – ADS

• After Pre-Accreditation
• After Initial Accreditation
Accreditation Data System (ADS)

- A Web-based system that contains critical accreditation data for all sponsoring institutions and programs.
- The application serves as an ongoing communication tool with programs and sponsoring institutions.
- Incorporates several ACGME applications and functions.
- Available online since 2001

What are ADS Required Tasks?

- Initial Application Completion (Sponsors and Program)
- Annual ADS Update
- Changes (minor and significant)
- Resident Case Log System
- Resident Competency Evaluation
- Resident Survey Administration
- Faculty Survey Administration
All Programs seeking ACGME Accreditation must affiliate with an Accredited Sponsoring Institution

The Sponsoring Institution must identify a:

• Designated Institutional Official (DIO)
• Governing Body – legally responsible for the conduct of the Sponsor

Each sponsoring Institution may have participating sites for resident education

• Oversight of resident/fellow assignments and of the quality of the learning and working environment by the Sponsoring Institution extends to all participating sites
AOA Approved Programs must Affiliates with a Sponsoring Institution

Existing Accredited Sponsoring Institution?

- Existing Sponsoring institution can log into ADS and initiate *New Program Application* for AOA approved programs. Must have AOA Approved program ID.
AOA Approved Programs must Affiliate with a Sponsoring Institution

New Sponsoring Institution?

- Sponsoring institution submits “Intent to Apply for Institutional Accreditation” form. DIO emailed Login and Password to ADS to initiate New Institution Application.
- Sponsoring Institution Application has 3 sections.
  - ADS General Question
  - Attachments (8)
  - IRQ
- Sponsors awarded Pre-accreditation status upon submission of application.
- Sponsors with Pre-Accreditation can initiate New Program Application. Must have AOA Approved program ID.
Institutional Requirements

- 2014 Institutional Requirements currently in effect for all sponsoring institutions
- 2014 Institutional Requirement Checklist with 2007 References
- 2015 Institutional Requirements focused revision effective July 1, 2015 for all sponsoring institutions
- 2015 Institutional Requirements focused revision effective July 1, 2015 for all sponsoring institutions (tracked changes copy)
- 2007 Institutional Requirements (No longer in effect)

Institutional Review Documents

- New Institutional Accreditation

New sponsoring institutions applications must use the online process within ADS. Complete the "Intent to Apply for Institutional Accreditation" to receive your login information to begin the application process.

- Intent to Apply for Institutional Accreditation
- Initial Institutional Application
- Continued Institutional Accreditation

Program Application

Program Application Instructions

Complete each step below to finish entering your new program application into the Accreditation Data System (ADS).

All sections of the application which are applicable to the program must be completed to be accepted for review. The information provided should describe the proposed program. For items that do not apply, indicate N/A in the space provided. Where patient numbers are requested, estimate what you expect will occur. If any required information is not available, an explanation should be provided in the appropriate place on the form.

The program director (PD) is responsible for the accuracy of the information supplied in this form. Once all steps have been completed and verified, the PD must electronically sign the application using the “Verify Application and Submit to DIO” button. By clicking this button, the PD verifies that all information in the application is correct and automatically submits it to the designated institution official (DIO) for final review. After the DIO has reviewed the application, they must electronically sign and submit the application to the ACGME using their own “Verify and Submit” button.

The ACGME will only accept one final, completed application. Incomplete applications, or applications submitted by mail, will not be accepted.

For questions regarding content within the application form or program and institutional requirements, contact an Accreditation Administrator for your specialty at: (312) 755.5000

For questions regarding the Accreditation Data System (ADS), contact WebADS@acgme.org

Click here for further in-depth application instructions and FAQs

Step 4: Add Other Program Personnel
You are required to add at least one program coordinator (max 2). You may also add a Department Chair.

The following personnel are available to add: Program Coordinator, Department Chair

Step 5: Update ACGME Requested/Filled Resident Positions
The number of resident positions being requested as well as the number of positions currently filled has been entered.

Step 6: Update Duty Hour Info
Be sure to update the duty hour information for this program.
Program Application

Program Application Instructions

Step 7: Update Additional Application Questions
6 of the 6 required question(s) still need to be answered.

Step 8: Overall Evaluation Methods
Please complete the questionnaire on the overall evaluation methods used by this program.

Step 9: Update Faculty Info
Enter the key faculty within your program. In addition, complete a CV for any physician or non-physician faculty member that requires one (the "View/Edit CV" button will appear next to faculty members requiring a CV). Please review the Physician and Non-Physician Faculty Definition on the ‘Faculty’ tab for further clarification on which faculty members to enter into your roster.

You will not see a green check mark on this step. The total number of faculty members entered will differ for each new program.

Step 10: View / Update Residents
(The DIO has indicated that this program does not currently have residents.)

Step 11: Download and Complete the Specialty Specific Application
Download and complete the MS Word specialty specific application document from the ACGME website for your specialty.

Once completed, convert it to a PDF to be uploaded with the other application attachments in Step 12.

Step 12: Upload Application Attachments
10 of the 10 required attachment(s) still need to be uploaded.

Step 13: Review Application
Please review and print a copy of your application for your records. Enter any missing information that has not yet been entered. You will not be able to submit your application if any of the above steps are incomplete or there is information missing on your application.

Step 14: Verify and Submit Application to DIO
After clicking "Verify Application and Submit to DIO" button in the header, your application will be submitted to your DIO for review and final submission. After verification, the DIO will electronically submit the application to the ACGME. Applications can only be submitted to the DIO by the Program Director. Program Coordinators cannot submit new applications.

Once the DIO has submitted your application to the ACGME for final review it cannot be changed, altered, or amended.
Final Step for Program Application Submission

- Program submits to DIO
- DIO verifies completeness – View
- DIO sends back to PD for Editing – Re-open for Editing
- DIO Electronically Signs the Application – Approve and Submit
  - All Application submissions are final – no further changes can be made after both PD and DIO sign off
Submit Program Application for

Specialty: Emergency medicine
Program: [1103300214] - AOA Sponsoring Institution Example Program
Director: Water Coffee MD

By clicking the "Confirm" button I certify I have approved the data in this Emergency medicine application for program accreditation and attest to its accuracy. I am aware that this action will submit my application for review and disable all editing capabilities.

The ACGME only accepts completed applications in their final format. Incomplete applications will not be accepted and should not be submitted. All submissions are final. Changes to the application cannot be made once it has been submitted to the ACGME for review.

If you do not wish to submit this application at this time, click "Close". If further changes are required, click "Close" and then use the "Re-open for Editing" button to submit the application back to the PD for changes.

303 Program Applications Initiated

- 201 Open Applications
- 102 submitted program applications (60 new AOA sponsors – 42 existing sponsors)
  - 80 Pre-Accreditation – Pathway A
  - 3 Initial Accreditation
  - 7 Continued Pre-Accreditation
Pre-Accreditation Status

• Pre-Accreditation must participate in all Annual reporting

• Remains in effect until:
  • Program/Institution achieves Initial Accreditation, or
  • June 30, 2020, or
  • Program/Institution withdraws application
Initial Accreditation - Contingent

- Core Specialty Programs may be given Initial Accreditation - Contingent (upon sponsor’s accreditation) status if RC makes accreditation decision before the IRC.

- Programs with Initial Accreditation-Contingent status can be in place for up to 2 years from the start of the program - 7/1....

- Sponsor must be accredited by the time the program with contingent status is reviewed for continued accreditation (with site visit). If not, becomes Continued Pre-Accreditation with new effective date.

- If sponsor is accredited with Initial Accreditation the contingent program will be changed to Initial Accreditation with no contingency.
Core Programs with Dependent Subspecialties

• Applications for dependent subs can be *initiated* if the sponsoring core program has a Pre-Accreditation, is Accredited, or has Contingent status.

• Dependent subs cannot *submit* an application until the core program receives Initial Accreditation.

• There are no Independent Subspecialties
Transitional Year (TY) Programs

• SI must sponsor 2 or more programs to apply for TY
• One program must be the sponsoring programs within SI
  • EM, FM, Surg, IM, OBG, or Peds
• TY programs can submit an application while the sponsoring program(s) has a Pre-Accreditation or Accreditation Contingent status in order to receive Pre-Accreditation status
• This exception allows residents to meet the eligibility requirements
• RC will not render decision (Accreditation Status) until the Sponsoring Program at SI is fully Accredited
What are ADS Required Tasks After Pre-Accreditation or Accreditation is obtained?

• Annual ADS Update
• Changes (minor and significant)
• Resident Case Log System
• Resident Competency Evaluation
• Resident Survey Administration
• Faculty Survey Administration
Annual Update

• The ACGME relies on annual data for accreditation decisions/actions

• Data reported by sponsors and programs each year must be accurate and timely (scheduled date)

• The PD and DIO must acknowledge that all submitted data are accurate and complete

• Any program, resident/fellow, faculty, or other changes that occur after update should be reported throughout the academic year in real time
DIOs Must

- Update sponsor institution data annually
- Add/delete participating sites – available for programs - consider adding electives
- CLER Visit Blackout Dates – accredited only
- Monitor/manage program annual reporting
- Electronically approve significant changes
  - PD
  - Resident complement changes
  - Voluntary withdrawals
  - New applications (initiated and final sign-off)
Programs Must

- Provide accurate annual data (as scheduled)
- Submit changes
- Report resident milestone data
  - Nov and May
- Oversee resident participation in Case Logs
- Monitor resident and faculty survey participation

Resident Case Logs

- Just over 100 AOA approved programs using the ACGME Resident Case Log System
  - General Surgery, Neurological Surgery, Plastic Surgery, Urology, and Vascular Surgery
  - Orthopaedic surgery using a proprietary system

- Data Migration can occur July 1, 2015 up until June 30, 2020.
- As programs achieve Pre-Accreditation Status the data will be migrated to ACGME Common.
- Email will be sent to new program to validate the active residents for data migration.
- Once the data are migrated, the old login is disabled. Older data needs to be downloaded for program use.
Resident Case Log System

- Not used by every specialty
  - List of Specialties Using Case Logs
- Residents add procedures or diagnoses
- Programs can track resident/fellow progress with Case Search and Reports Menu

Milestone Evaluations

All evaluations have been completed

Currently Scheduled: May 01, 2014 - Jun 20, 2014

Current Milestone Evaluation Completion Rate: 100.0% - [25 of 25]

Compliance Rate: 100.0% - [25 of 25]

Instructions

Click the "View Evaluation" button next to an individual's name to view their evaluation. If you are unable to complete the evaluation, click the "Submit" button at the end of the form. You may make changes and complete the form later. You may also have the form accepted. Return to this screen and refresh the list of required evaluations.

Pending evaluations are highlighted in red and completed evaluations are highlighted gray. Use the "Refresh List" button below to update the list of required evaluations.

After submitting (or saving) an individual's evaluation form, changes may be made until the evaluation period has ended. Once the evaluation period is over, all forms are final and cannot be changed. Evaluations must be completed for all trainees listed below.

Trainees who started the program off-cycle during the first half of the current academic year will not be scheduled to be evaluated during the Mid-Year evaluations.

The Next Accreditation System

• Focused on continuous accreditation and improvement
• Increased emphasis on annually submitted data
• Enhanced oversight to ensure high quality education and a safe and effective learning environment
• RCs assess program performance each year
  • High performing programs free to innovate
  • Programs with identified problems require in-depth look
• RC decisions more timely and tailored
